June 01, 2023

Your Name

Human Resource Department

Your Location

General Santos City, 9500

Dear Hiring Manager:

As an applicant, I am interested in the position of _____ (Position) in _____ (Location). I found about it from a social media post. Now I'm ___ (Current work) who worked as a _____ (Work role). In recent years, I have spent time learning in this environment in order to apply what I have learned to my future job. Because of everything I learned while studying, I created a project that people can use to make their daily lives easier, as well as a project that allows me to put my abilities, patience, and ability to inspire others to pursue this career or course while they are studying too.

I have enclosed my resume and I'd be happy to have an opportunity to demonstrate my _____ (Work role). My mobile phone number is +63909-171-9559 and my email address is managbanagdosal@gmail.com

Thank you for your consideration.

Sincerely,

Dhon Mark M. Dosal

WORK EXPERIENCE

Graphic Designer Intern — 2023-PRESENT

Tropicana Worldwide Corp. I Cagampang St, G.S.C

- Design visual content for their social media posting.
- I'm responsible for creating and implementing their new identification (ID) design and ID lanyards.
- I am responsible for designing visuals such as menus and flyers for them.

UI Designer & Front End Developer — 2017 - 2019

Budz Laundry Shop I Lapu-Lapu St, G.S.C

My responsibilities include designing and proposing a user interface for their newly developed web application focused on booking systems. Additionally, I am actively involved in improving the approved UI design and ensuring that the code is well-maintained to ensure adaptability and responsiveness across various devices.

Technical Support & Data Entry — 2015 - 2017

LGU Gensan

- I organized and managed client records within a document tracking system, prepared and sent endorsement letters to different agencies within the local government unit (LGU).
- We respond to incoming calls when individuals require assistance with repairing computers, printers, laptops, and other related devices.
